

## Quality Statement

At GMPriority Pharma, quality is fundamental to everything we do.

Operating within highly regulated and innovation-driven environments, we are committed to delivering products and services that meet the highest standards of safety, consistency, and performance.

We achieve this by:

- Operating in alignment with Good Manufacturing Practice (GMP) principles
- Implementing robust quality management systems across all operations
- Ensuring full traceability and control throughout our supply chain
- Maintaining disciplined change management processes
- Continuously monitoring, reviewing and improving our performance
- Working exclusively with partners who meet our standards for quality, integrity and compliance

We recognise that our clients rely on us not only for technical expertise, but for reliability, discretion and control.

*Quality at GMPriority Pharma is not a function, it is a responsibility shared across the organisation and embedded in every process, decision and partnership.*

**Signed,**

**Gareth Meyer**
